Thanks for the info, Jean.

Here is the information I have for the former Edgemont uranium mill tailings site:  
This is the link to the DOE, Legacy Management website for the Edgemont uranium mill:  
<http://www.lm.doe.gov/edgemont/Sites.aspx>  
I attached the fact sheet that I got from this website.

I have also attached a newsletter from South Dakota State University that talks about the contamination still at the site.

I found this citation for an EIS that the NRC released back in Sept 1982, but I couldn't find the EIS itself on the NRC website.
